Dear Colleagues:

It has been an honor to serve as president of CAOG for the year 1980. I am very proud of our accomplishments this year, especially our efforts concerning Medi-Cal payments, the defeat of the midwifery legislation and the introduction of our bill on pre-trial screening panels as a preliminary for any malpractice suits. I am grateful for the active participation of our officers and board of directors who worked so diligently to achieve these goals.

Our public relations efforts have been most successful in getting our message to the general public effectively. And our Sacramento lobbyist, Jim Randlett, has continued to represent us in the state legislature with excellent results.

We have all worked very hard on your behalf. Yet a number of our colleagues have failed to respond to our membership drive which has resulted in sufficient financial difficulty to curtail our ability to accomplish our goals. Rising costs and demands necessitate increasing our annual dues to \$200 for the year 1981. Please respond generously to our cause which is so vitally important to all OB/GYNs in the State of California. So much can be accomplished with your support. We welcome your participation as well. As busy as we all are, we must make the time to build CAOG into an increasingly effective organization. I know you will all stand with me in giving our President Elect Bill Rosenzweig all the back-up support he needs in the coming year.

Respectfully,  
  
William W. Filler, Jr., M.D., F.A.C.O.G.  
President
